

**US Army Corps  
of Engineers®**

## **Au Sable Harbor, MI**

### **Harbor Features**

- Located on the west shore of Lake Huron, 8 miles north of Au Sable Point on northeast side of Saginaw Bay.
- Authorization: River & Harbor Act of 2 Mar 1945.
- Shallow Draft recreational harbor.
- Project depth – 10 and 12 feet.
- Approximately 3,000 feet of maintained Federal channel.
- More than 2,000 feet of maintained piers.
- Dredged material is placed along the beach as beach nourishment.
- Major stakeholders include Michigan DNR and Oscoda Fellow Marina.

### **Project Needs**

- Requires periodic maintenance dredging on a five to ten year cycle of approximately 40,000 cubic yards.
- Condition surveys and periodic maintenance of the structures by Government floating plant.

### **Consequences of Not Maintaining the Project**

- Loss of jobs locally.
- Loss of recreational and charter fishing in the area.

### **Transportation Importance**

- This project serves as an important Harbor of Refuge as well as charter fishing and recreational navigation interests.
- The local community has established a significant infrastructure around the harbor facilities that generates income from harbor users and visitors to the area.
